

Azozeo Super-Activated Azeitulites

The Beginning of a New Crystal Era

by Robert Simmons

(Note: Azozeo is pronounced *ah-zah-ZAY-oh*)

As you browse this website, you will notice Azeitulite items that have been "Azozeo Super-Activated," or other stones having undergone that process. Below is the story of Azozeo and how it entered my world.

In August of 2012, I received a vision. I was at my home in Vermont, where I have a labyrinth made out of Azeitulites and some Rosophia stones. As I sat looking at the labyrinth, I thought back upon the whole history of Azeitulite. It seemed miraculous to me, the way the appearance of these stones had been pre-announced by angelic beings, the Azez. They had told Naisha, my co-author of *The Book of Stones* (but at that time, someone I knew only as a friend) about the imminent arrival of Azeitulite, and they told her this was the name we must give the stones when they appeared.

Since then, for over twenty years, our company, *Heaven and Earth*, has been disseminating and discovering more types of Azeitulite--all in accordance with the plans and directions we received from the Azez so many years ago. More recently, we learned that the Azez intend for all the Quartz on Earth to ultimately receive the vibration of the Nameless Light of the Great Central Sun--making all of the Quartz into Azeitulite. My sense is that the fulfillment of that prophetic vision will coincide with the global awakening of the Earth as a Planet of Light, and the mass enlightenment of humanity.

There had been many synchronistic affirmations along the way. One of the most startling and exciting ones for me was the discovery, back when I was doing research for my book, *Stones of the New Consciousness*, of the ancient *Book of Ieou*. This was one of the apocryphal Gnostic Gospels, and was purported to have been a guide to the Ascension process, dictated by Jesus to the disciples after his own Ascension. At one point in the narrative, there is this description of one of the Ascension stages:

"When you reach the fourth aeon, Samaelo and Chochochoucha (a pair of obstructing archons) will come before you. Seal yourself with this seal: This is its name: Azozeo. Say it once only. Hold this cipher: 4555 in your hands. When you have finished sealing yourself with this seal and said its name once only, say these defenses also: 'Withdraw yourselves Samaelo

and Chochochoucha, you archons of the fourth aeon, because I call upon Zozeza, Chozozazza, Zazezo," When you have finished saying these defenses the archons of the fourth aeon will withdraw to the left. But you [will] proceed upward."

I was and am still struck by the above passage from this ancient book. Here was an actual 2000-year-old manual for Ascension, describing the stages and beings involved. And more to the point, the word used to invoke protection, and the names of the protective beings, all contain similarities to the word Azez--root of the name Azeztulite. And of course we were told at the beginning of our Azeztulite adventure that the name Azez means 'the Nameless Light of the Great Central Sun,' which is closely akin to the goal of the Ascension process in the *Book of Jeou*. In that book, the disciples were being directed in how to ascend to the realms of Light (i.e. the Central Sun). And I feel sure that the names given in the book for the protective beings aiding humankind in this ascent--*Zozeza, Chozozazza, Zazezo*--are referring to the same protective beings who have activated and guided the emergence of Azeztulite. They all sound similar to 'Azez,' their collective name. Further, they are engaged now in the Ascension of all humanity, and the Earth. It provokes awe in me to realize that when I hold an Azeztulite in my hands, I am, in a sense, touching those beings, and the Divine currents from the Great Central Sun. I am amazed to realize that these Beings of Light have been aiding the spiritual evolution of humanity and our world for at least 2,000 years, and that we can connect with them and our own great destiny through Azeztulite.

Let us return now to August of 2012. As I was sitting on my porch contemplating all this, I wondered whether there was something more to be done. As powerful as Azeztulite is, I felt there might be another level--another octave of energy that still could be accessed by those ready for it. I could imagine all the Quartz on Earth vibrating as Azeztulite, but what about Azeztulite itself? Was it fully awakened, or could there be more?

I still recall vividly the moment when the vision came to me. It was powerful...and simple. As I gazed at the Azeztulite labyrinth, I suddenly saw--with my inner eyes--a pyramid over the center of it, glowing with supernal Light. And in that moment, I knew what to do--I would construct a pyramid chamber in the labyrinth's center, placing Azeztulite stones inside it, The combined energy fields of the pyramid and the Azeztulite labyrinth might stimulate the stones inside to a higher level of activation.

But there was more to do. I felt a compelling inner urge--as if I were being told--to place two very large Phenacites in the energy field to be created. (I collect large Phenacites, and have two very large ones--a two-pound African Phenacite and an eighteen pound terminated Brazilian Phenacite single crystal, which I believe is the world's largest.) The two-pounder was to go at the apex of the pyramid, and the eighteen-pounder was to be placed in the center at the pyramid's base. The two would form a Circuit of Light, and the Azeztulite stones to be activated would be placed on a table between them. It was clear that the two very large Phenacites were crucial to the process, and I suddenly understood 'why' I had felt it was so important to get the eighteen pound Phenacite the previous February. (This crystal is the prize of my collection--a very tangible Stone Being with a joyful and luminous presence--and now I was beginning to learn about its purpose!) Phenacite has a close relationship with Azeztulite, and was actually initially used by the Azez, according to Naisha's original

channelings, to vibrationally activate the first Azeztulites.

Two years prior, when building the Azeztulite labyrinth, I had felt a powerful inner intensity around doing it. Now, once again, that intensity seized me. I erected a copper pyramid (its pipes filled with Azeztulite and Rosophia stones) in the center of the labyrinth, and then placed the Phenacites as I had been directed. I brought a glass table into the center, where the Azeztulites to be activated were to be placed. Then, there was one last touch--my inner guidance said I needed to use the ancient word of invocation of the Azez--Azoezo. Following my inner voice, I printed out the words and attached them on all four sides of the table--for the Four Directions. Then I walked the labyrinth in ritual consciousness, carrying the Azeztulite stones to be treated, holding them to my heart and focusing on the intention that they be activated to their highest potential for the good of all. At the center, after placing the stones on the table, I uttered words of invocation and spoke, "Azoezo" to each of the Four Directions, and silently to the Fifth Direction. The ritual was complete. Now was the time of waiting.

After exiting the labyrinth I went into the house and sat gazing back at the labyrinth, wondering if all this guidance had been as real as it seemed. In my thirty years of working with crystals and minerals, I had only attuned myself to whatever vibrations were already being emanated by the stones. I had never tried to do anything to increase their energies or power. I really had never imagined that anything like that was possible.

I wondered how long to leave the stones on the table in the labyrinth-pyramid. An inner voice said, "For one cycle of night and day." Twenty-four hours later, I walked the labyrinth again to retrieve the Azeztulites.

When I brought the Azoezo-treated stones into the house, I sat down with one to check out whether anything had happened. Immediately, I caught my breath. Yes! There was a difference--a big difference! The already-powerful Azeztulites had more than doubled in their intensity, and the frequency of their pulsations was much faster! In seconds, the currents I felt in my hands moved to the third eye, the crown chakra, and then all through my body and finally to my feet, where a strong charge seemed to go through me and into the Earth.

The longer I held the stone, the stronger the currents in my body became. I experienced a vision of entering a spiral of Light and traveling to the Great Central Sun. I felt spiraling currents of Celestial Fire spinning down into my body from above--entering the crown and feeling as if they spread out into a web that infused every cell with Divine Light. I suddenly understood that this is what Light Body activation feels like. A wave of elation spread through me, and with that wave came the recognition that the whole tale of the Azez and the enlightenment of the world contained new chapters, which were being written in that very moment and which will continue to unfold in the months and years to come.

I felt a bit stunned by what was happening. It seemed to me that I had made a great discovery--and received a great gift. The understanding--that it is possible to work with stones in a co-creative way which affects them energetically and which helps the Stone Beings to fulfill their spiritual purpose--came for the first time, and the power of it shocked and

humbled me. I realized on a deeper level than I had before that the work with stones is beneficial to us, but that it is not only for us. It is also for the beings in the world of Spirit, and for the Earth, for the fulfillment of our collective destiny with them.

I wondered what to do next, and I decided to see if someone else could feel the amazing difference in these Azeztulites. I brought one to my wife Kathy, and she said, "Yes, definitely!" The next person to experience the Azozeo Azeztulite was our friend Leo McFee, a crystal teacher and maker of gemstone essences. He was affected just as powerfully as I had been, and we talked feverishly about our excitement at this new development, and about plans for bringing these super-activated stones out and spreading them through our network.

I began bringing home more pieces to treat in the Phenacite/Pyramid/Labyrinth/Azozeo field. At first, I had brought in only the original White Azeztulite, but now I began to try other varieties. I learned that all types of Azeztulite, as well as a few other kinds of crystals, can be enhanced through the Azozeo treatment. It is a painstaking process, because only a small quantity of stones can be activated at one time, but we have worked hard to charge a wide variety of Azeztulites and other receptive crystals, in as many forms and shapes as possible.

I want to offer next some of the information I have received in inner visions regarding the properties of Azozeo Azeztulites:

Azozeo super activated Azeztulites work as powerful conduits to bring through the flood of Celestial Fire--the Nameless Light of the Great Central Sun--which has now begun to bathe the Earth. Although this Divine energy pours down upon us all all times (since it is the spiritual energy which animates and sustains the Universe) we are at the dawn of a new Golden Age in which a great surge of Celestial Fire is making its influx. Like a tide coming in, this energy is destined to uplift all of humanity and the Earth to a new level of being. As we stand here at the beginning of this new era, the Azozeo Azeztulites function as the 'grounding wires' through which the initial surges of Divine currents can pass. In order for this process to fulfill itself, human participation is necessary. We are urged to work with these stones and allow ourselves to be Pillars of Light, acting to conduct the Celestial Fire into the world through our own being. We can do this through meditation with these stones, through utilizing them in energy grids and healing layouts, through wearing them or through planting them ritually in the Earth.

In regarding to this ritual "planting" of Azozeo Azeztulites, I want to mention that when I presented some of the Azozeo stones to my friend Robert Sardello, who wrote the introductions to both of my books, his immediate intuition was that the Azozeo Azeztulites are "going to be the means by which all of the Quartz in the Earth becomes Azeztulite." His sense was that the higher level of activation present in these stones was what was necessary to create the "contagious currents" whereby unawakened Quartz stones would begin to attune to the currents of Azeztulite. That insight resonated with me as well, and I have committed myself to planting these stones in strategic places around the world. Already we have recruited helpers to do this with us.

There are many additional qualities of Azozeo Azeztulites which have presented themselves to my intuitive vision. I see these stones bringing in not only subtle energies from the spiritual realms, but also subtle matter. When one spends time attuning to Azozeo Azeztulite, the currents one feels entering the body are not mere ephemeral energy--they are streams of subtle matter which bond to the gross matter in every cell and molecule of the body in a way that spiritualizes them, aligns them, "teaches" them to open themselves to the Light. This can rapidly increase the development of the Mind of the Body. This is an intelligence which resides in the entire Liquid Crystal Body Matrix, and which is an aspect of enlightenment.

We have three intelligences within us--mental intelligence based in the brain, soul intelligence based in the heart and Universal intelligence based throughout all the cells of the body. The mental intelligence is what we are taught to believe is all we have, and during the spiritually dark times of recorded history, it predominated, as we lost touch with our wholeness. The soul intelligence of the heart was never totally lost, and it has been in the process of re-awakening in some people during the past few decades. The heart is the seat of our Divine Imagination, and the center from which we can know truth and act with generosity and certainty. While it is true that crystals (and especially Azeztulites) have the capacity to enhance our mental and soul intelligence, their greatest boon is to the Universal intelligence of the body. When this is fully activated, as the Celestial Fire or Nameless fully engulfs our world, we will begin to know things with our bodies, without needing to learn them. What we now call inspiration and intuition will become pure Vision, and we will see and know whatever we wish to understand, simply by attending to it and feeling the knowledge in our cells. This capacity will be brought about by the influx of subtle matter bonding to the gross matter of the body and transforming every cell into an antenna for receiving pure knowledge.

There are many enhancements of mind, heart and body which Azozeo Azeztulite facilitates. It increases psychic vision, heals and seals the etheric body, brings a great infusion of life force into the cells, opens the gateways to angelic communication, stimulates inspiration, facilitates interdimensional travel, opens the doors for recollection of past lives and resolution of karma, dispels dysfunctional habits and patterns in the emotional body and the organs and bodily systems, frees the heart from suppression by the mental, and displays Divine Light to the inner eye. It increases the amount of chi circulating through the meridians and enhances the power of the will to manifest one's spiritual goals. If two people hold hands with an Azozeo stone in their mutual grasp, they can experience an empathy so deep, it is nearly telepathy. These stones portend great hope for humanity and the world.

Here are two quotes about the Azozeo Azeztulites:

From Robert Sardello: "The Azozeo Azetulite--I got the piece you sent. Thank you. And yes, definitely, very different, very powerful. In contemplation--all intense, intense white radiating light, radiating from a center outward. Then the image changes, and there begins to be series of light forms, that are structured like various kinds of quartz forms--single form, double-terminated, clusters--but as light, not image as in representation. These are accompanied with the feeling that this Azetulite is the 'holder and transformer' of all Quartz into Azez-to-Light."

From Birch Gerke: "I sat in meditation today with the Azozeo pumping waves up my arms to my skull--that stuff is powerful!"

Other Azozeo Stones

As we worked to activate some of each kind of the Azeztulites in the Azozeo energy field, we wondered if it might be possible for any other stones to take on the Azozeo energies, if we were to place them in the same field. We found that indeed there were several crystals which were also super-activated by exposure to the field. They include Auralite-23, Nirvana Quartz, Lemurian Light Crystals, Anandalite and Guardianite. All of them jumped to a much faster rhythm of pulsation and a higher intensity of overall energy when they were left for twenty-four hours in the Azozeo/Pyramid/Labyrinth/Phenacite field. We continue to experiment to find other crystals and stones that can be enhanced through the Azozeo process.
