

The Anatomy of Our NR GEE Malas

by Deborah Kolody

In addition to NR GEE Malas being used as traditional prayer beads, they are also designed to support you with your Elemental balance found on your astrological birth chart (offered FREE to all Visions members). Your Elemental breakdown indicates your strengths & areas of challenges for you in this lifetime. Once you know your numbers, selecting your stones is all that's needed. This Anatomy highlights the Elements already incorporated into each piece, supporting you on your journey with Elemental Balance & your Spiritual Connection.

Hematite (Earth)

One of the most effective stones in Grounding Ourselves in our Bodies & the Physical World and Strengthening Our Manifesting Abilities.

Herkimer Diamonds (Storm)

Supports General Health, Physical Stamina & Energy level, as well as Purifying & Amplifying Our Energy and the Energies of each Stone.

Our Signature

'Center of Intention'

Guides us to Focus & Direct Our Energy on a Desired Outcome. Programmable Herkimer Diamonds have been placed at the Heart Chakra to anchor Our Intention in Heart-Centered kindness for the greater good of all.

Malas can be worn and programmed on their own or an additional Stone or Pendant can be added.
